Tryelson Marques

Tech Leader Frontend

As a Frontend Tech Leader, I bring extensive experience in building and leading high-performance development teams, guiding and inspiring the team to excel. I also foster a collaborative and trust-based environment where each team member feels valued and empowered to reach their full potential. My leadership is defined by empathy, respect, and a commitment to continuous growth, both personal and professional, for all team members. Additionally, as a frontend specialist, I have extensive experience in developing web applications and enhancing user experience.

Experience

Sumé Tecnologia 2024

○ Abr 2024 - Present

Tech Leader Frontend

- As a Frontend Tech Leader, my journey is to build strong and effective teams. Also, as a Scrum Master, my goal is not only to guide but also to inspire my team to reach their full potential. I believe in the power of interpersonal relationships and work to cultivate an environment where each member feels valued and empowered. My communication fosters a culture of trust and collaboration, which is fundamental to the success of any project. I am committed to leading with empathy and respect, always seeking ways to nurture the personal and professional growth of each team member.

Skills: Team management/administration • Scrum Master • Interpersonal Development • Communication

○ Jan 2024 - Abr 2024

Frontend Developer - React.js | Next.js | Typescript

- At Sumé, I am working with React.js, Next.js, TypeScript, and Tailwind CSS, actively contributing to scalable development, seamless integrations, and enhancing user experiences. My role involves collaborative participation in cross-functional engagements, where I actively take part in code reviews and provide mentorship, fostering a culture of innovation within the development team.

Skills: Next.js • React.js • TypeScript • Tailwind CSS

Hivegroup 2021

○ Jul 2023 - Abr 2024

Software Developer - React.js | Vue.js

- I have significantly contributed to various projects, demonstrating versatility by working with Vue.js, Tailwind CSS, React.js, Next.js, Chakra UI, Nuxt.js, TypeScript, HTML, and Figma. I have successfully translated design specifications into robust and user-friendly interfaces, exceeding client expectations and enhancing overall project success.
- I have worked collaboratively within a dynamic development team, promoting a culture of knowledge sharing and mutual growth. I participated in cross-functional collaborations, ensuring seamless integration of front-end components with back-end functionalities.

Skills: Figma • Ui/Ux • Next js • React.js • TypeScript

○ Jul 2022 - Jul 2023

Frontend Developer - React.js | Next.js | Typescript

- Transitioned to React.js, Next.js, Chakra UI, Nuxt.js, and TypeScript in the second year, demonstrating adaptability and a commitment to continuous learning.
- Led the development of complex and scalable web applications, focusing on performance optimization and code maintainability. Worked closely with backend developers to integrate API endpoints and ensure seamless data flow within applications. 1. Working with some frameworks such as React.js, Vue.js 2. Working building and maintaining project management systems, Landing Pages and websites; 3. Working with integrations using the REST API;

Artnossa 2018 - 2019

○ Mar 2018 - Abr 2019

Graphic Designer

- I worked as a graphic designer with a proficiency in CorelDRAW, specializing in crafting compelling visuals across various mediums, from brand identity to digital media. Known for seamlessly merging creativity and functionality, I excel in delivering designs that captivate and communicate effectively. My skills extend to concept development, layout design, and a keen awareness of current design trends, ensuring each project is approached with a fresh and dynamic perspective.
